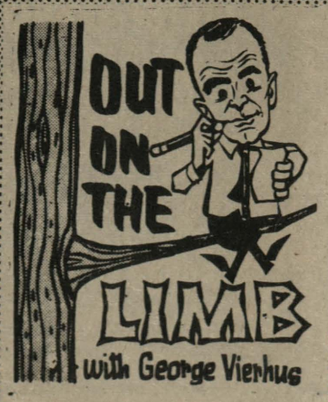
378-9136 | 35 Dillon Avenue, Campbell, California



TIME IS RUNNING OUT--- That was the rather gruesome (we thought) opener for a press release from the State Board of Equalization referring to the April 15 deadline for property owners to file for the $750 assessed value homeowner's exemption.

That warning, one might say, was on the credit side.

The same warning could be used for the more unpleasant reminders of the same general calendar period.

Time is running out, for example, for payment of the first installment of county taxes....April 10.

Time is running out also for the filing of the state income tax....April 15.

And time is running out for the filing of the biggie, the federal income tax...April 15.

That time is running out, seems to be pretty well established.

So we concede that. But the big thing, it seems to us, is how to keep our money from running out before time does.

But that doesn't seem to by anything new.

-0-

APRIL IS SUCH A NICE month basically. The weather is generally so beautiful that one wants to be outside instead of inside poring over the household budget.

And Easter is a joyous occasion.

In fact the whole month has so much going for it, it is a shame that it has to be cluttered up with such unpleasant activities as trying to scrounge enough dough to pay taxes.

But we suppose it could be worse.

It could be cold and miserable outside as well as inside.

Anyway Happy Easter to all of you.

-0-

ANOTHER APRIL EVENT that should be encircled on one's calendar is the school trustee election on April 20.

Now we don't mean to put the election in the same category as the tax dates but still in all April 20 should be almost as much of a red-circle day as the 10th and 15th, in a different way, of course.

Your action on April 20, will be much less painful than on the other dates you have circled on your calendar. You don't have to send money. Just vote.

Because of the interest that has been shown (to use the term loosely) in the Campbell Union (elementary) School District election, chances are that there will be the largest turnout at the polls in the history of the district.

But even with all the interest that has been manifested this time, and all the campaigning that has been going on, there still will be a large percentage of voters in the school district who will not bother to go to the polls.

That's unfortunate, for a definite mandate is needed.

-0-

AT THE RISK OF GETting more scars from vitrolic letter-writers who have used the columns of this paper to condemn us unmercifully for criticizing the three-member board majority for demoting Neal Royer, we will go out-on-the-limb in out-on-the-limb.

We sincerely believe that JIM GILLILAND, incumbent board member of the Campbell Union (elementary) School District, should be re-elected on April 20.

We also feel that Dr. BOB KING would make an excellent board member and we urge his election on April 20.

-0-

ENDORSEMENTS IN A campaign are sometimes given more weight than they deserve, in our opinion, especially when they come from organizations.

It has been our experience

(Continued on Page 2)

Scouts stage creek clean-up

Last Saturday for the fourth successive year, members of Boy Scout Troop No. 375, sponsored by Rosemary School, descended on the Los Gatos Creek and staged a weed-chopping clean-up drive.

The scouts, under the direction of Scoutmaster Bob Judd and Frank Klein, committee chairman, almost filled two trucks with trash that they collected. They also cleaned weeds away from the trees that have been planted along the banks. They spent more than four hours in the job covering the area from the bridge to the corporation yard.

The top photos show the scouts working on the creek-bed and banks, while in the photo on the left, troop members gather around the pile of trash prior to loading the trucks.

Members of Troop 375 who participated in the annual clean-up included, Paul Hoff, Frank Klein, Bob Stevens, Kevin Klein, Martin Hurt, Curt Russell, Chris McDonald, Bob Royer, Bryan Glover, John Stephenson, Richard Hoff and Allan Glover.

LESS THAN TWO WEEKS TO GO

Campbell district trustee campaign becomes heated

With less than two weeks before the election, (Tuesday, April 20) candidates for school trustees in the various districts have quickened their campaign pace with the main interest centered on the battle for the two board positions that are open in the Campbell Union (elementary) School District where there are five candidates in the race.

Although all the school districts in the area, including West Valley College, are holding trustee elections on April 20. There is competition in all, but it is the Campbell elementary district in which emotions and personalities, charges and counter-charges have predominated the scene as the campaign goes down to the wire.

In contrast to most of the previous trustee elections, a heavy vote is forecast on April 20 in the Campbell Union (elementary) District.

As a consequence, candidates for the Campbell Union High School District, of which the Campbell elementary is a part, have also been concentrating much of their fire within the Campbell elementary boundaries.

There are two positions open on the high school board. E.M. (Doc) Arends, a long-time trustee, is not running for reelection, but incumbent William L. Murphy is.

Other candidates include Mac Martinez, of 1195 Holmes Ave., Campbell, who has received the endorsement of the teacher's group in the district; Dr. Frederick A. Weed of San Jose, head of the political science department of San Jose State; Ray A. Silva of San Jose, life insurance underwriter and former coach; Charlie Cole, 1166 El Solyo, Campbell, consulting graphologist and Jack A. Schroeder of San Jose, research technician.

CAMPBELL DISTRICT

In the Campbell Union (elementary) District there are five candidates for the two positions that are open.

Dr. Richard MacQuiddy, of 38 Decorah Lane, a psychologist, who is currently serving as board president, is seeking reelection.

Also seeking reelection is Jim Gilliland, of 900 N. Central Ave., an IBM electronic engineer who also has served as board president.

Gilliland and MacQuiddy are in opposite camps and a heated campaign has developed as voters have been urged to choose sides between the two incumbents in one of the most heated elections in the district's history.

Involved in the campaign is the status of Neal Royer, who was demoted by a three-member board majority on Oct. 8. MacQuiddy, Ralph Steinberg, and Mrs. Eleanor Graham-Armstrong comprised the board majority that demoted Royer while Gilliland and Mrs. Judy Ruscigno opposed the action.

Thus the issue of Royer has become the crux of the cam-

(Continued on Page 2)

Final forum

Candidates for the Campbell Union (elementary) School District board of trustees in the April 20 election are scheduled to appear in the final forum next Tuesday, April 13, at Castlemont School at 7:30 p.m.

The candidates' night next Tuesday, sponsored by the CETA, will be the fourth that has been held during the campaign in which five candidates, Dr. Richard MacQuiddy, Jim Gilliland, Dr. Robert L. King, Bob Lemmerman and Dr. Ralph Anderson, are seeking the two positions that are open.

Candidates talk

Sponsored by the teacher's division of the Campbell Union High School District Education Association, a public forum for candidates for the board of trustees of the high school district has been scheduled for Friday, April 16 at 7:30 p.m.

The program will be held in the Campbell High School auditorium under the direction of Herman Osorio, association president.

All five of the candidates for the two board positions that are open have been invited. The candidates are William L. Murphy, incumbent; Mac Martinez, Ray Silva, Charlie Cole, Dr. Frederic Weed and Jack A. Schroeder.

Council to name new commissioner at next meeting

Campbell councilmen next Monday, April 12, are expected to fill the vacancy that now exists on the Planning Commission. There are five applicants, Pete Giorgianni, Harold P. Serio, Stanley T. Yamamoto, Fred E. Johnson and Carl W. Larson.

The Council is also expected to direct the staff to meet with representatives of the Green Valley Disposal Co. to negotiate a new contract to be presented for approval. Green Valley has asked for a hike in rates and a new 15-year contract.

Also on the agenda deferred from previous meetings is the appeal of Cal Towing for the police department's denial of its permit to do business in town and the request of Davey Tree Surgery for permission to spray trees under power lines with malaic hydrozide as a growth inhibitor for trees.

A claim for $150,000 against the city because of a collision that occurred at Curtner and Camden is expected to be referred to the insurance carrier. The party claims that the collision took place because of negligence in the design, construction, resurfacing and maintenance of the roadway which is within the city limits.

Request for approval of the

(Continued on Page 12)

AN EASTER Message

REV. BARRY VERDI

The Easter Message for this year is presented by the Rev. Barry Verdi, vicar of St. Lawrence Episcopal Church at 65 Rincon Ave., Campbell.

The Rev. Verdi came to the local church in November of last year after having served as minister of All Saints Church in Palo Alto.

He is a graduate of San Jose State and is chairman of the audio-visual department of the Diocese of California. He resides with his wife and three children in San Jose.

By Barry Verdi
Vicar, St. Lawrence Episcopal Church

Easter is easy. Easter is hats and flowers, parades and balloons, bunnies and baskets, candy and Easter egg hunts. Easter is a day of rejoicing. Throughout the world people gather in churches to exclaim, "the Lord is Risen!" Bells ring. Families worship together. The power of God is witnessed. The victory of the Prince of Peace is proclaimed.

Easter is not an annual event. Easter is one day, one moment in history, one meaning of time. Easter doesn't come and go. Easter is our eternity. Living is the moment of preparation—a complex pattern of vision and despair. Easter is often joy without responsibility. Easter is the triumph often neglectful of the sacrifice.

Before Easter comes pain. Jesus knew pain. Jesus struggled with temptation. In the garden Jesus asked to have "this cup" taken from him. Jesus cried on the cross, "My God, my God, why have you forsaken me!" Jesus was betrayed by Judas, denied by Peter, condemned by the people, and doubted by Thomas. Jesus was a threat to the religious leaders, feared by Pilate, stoned by the people in the synagogue, and considered mad by his relatives.

Was Jesus mad? Are we mad to believe that following Jesus will enrich our living? Is it madness to believe that through Jesus the world will be saved? Saved from what? Ourselves poverty, war, greed, gossip, they, them, the enemy, politics, the other side, the foreign, the unknown, the wildflower, the extra step, the second mile, forgiving, compassion, understanding, love, other people.

Easter is easy when it comes once a year. Jesus lived with his doubts, temptations, and frustrations. Can we live with less? Do we expect the removal of human struggle as a sign of grace? Do we want to follow Jesus and be like him, or do we want Jesus to be like us?

THE LORD IS RISEN! The Lord is the leven within us. We are rising, and the Kingdom is the risen people proclaiming a new commandment: LOVE ONE ANOTHER.

(Details of Easter church services in the area appear on page 6)

Commission denies zone change from residential to industrial

With Campbell's two newest planning commissioners, Myron Alexander and Bob Stewart, on Monday night participating for the first time the Planning Commission denied a zone change request and a market sign, but approved four building plans.

The Commission was short two members Monday. Don Hebard is on vacation and a vacancy exists because of Merrill Grim's resignation. Stewart and Alexander were appointed to replace Jack Healey and Frank Klein.

Dale H. Scott, who was vice-chairman, moved up to the chairmanship and outlined the objectives of the Commission in a statement he read at the beginning of the meeting. (A summary of it is in the letters to the editor in this issue.

The request of Ray Stroppa for a zone change from single-family residential to industrial at 355 Bedal Ave. was denied by a unanimous vote.

A delegation of home owners in the area adjacent to Stroppa's parcel was on hand to protest the zone change. Keith Kabatek of 350 Bedal Ave. acted as spokesman for the group.

Disapproved also was the request by Fry's Market at 850 W. Hamilton Ave. to allow "A-frame" signs in the parking area in violation of the city's sign ordinance.

Commission approval was given: Wilburdon Construction Co. for a warehouse at 645 McGlincey Ln; John Froese for a four-unit apartment at 760 West Valley Dr.; J. W. Culbreth for office/warehouse at 356 McGlincey Ln., and Sherrel Kirk for a warehouse at 60 Dillon Ave.

Deferred for two weeks was the application of James Barrow for a 52-unit apartment at 153 Union Ave. and Jim Pearce for a warehouse at 146 Dillon Ave.

C.R. Gaines withdrew his application for a use permit to convert a now-vacant two-story house at Ridgeley Dr. and Bascom for office purposes.

The Commission also approved the tentative map submitted by Valley Title for a 100-lot townhouse complex at San Tomas Expressway and Latimer. Also approved was the new sign policy for Los Gatos Creek, which had been hammered out in a study session and was submitted to the City Council.

Approved also was the request of Kunkel-Thomas for minor modifications to their proposed development of zero-lot-line homes at Virginia and Sunny Oaks.

Morgan fund totals $9,424

Contributions to the "John D. Morgan Fund" this week reached a total of $9,424, according to Police Sgt. John B. Butler. From this amount, $4,690 has been paid for medical expenses incurred by Police Chief John D. Morgan, who suffered a stroke on Feb. 13 and has been paralyzed since that time.

The largest contribution to date was made from proceeds of the buffet that was served by Mr. and Mrs. Phil Luoto on March 29. The fund netted $2,930 from this event in which the Luotos served a buffet for $3 per person from noon until 10 p.m. with all the proceeds going to the fund.

A number of other benefits have been scheduled, according to Sgt. Butler. Contributions to the fund can be made at either branch of Bank of America in town.

Tower fund reaches $2700

Campbell's city hall clock tower fund has now reached $2700, according to Len Edholm, manager of the Chamber of Commerce.

This amount has been realized from the six kiddie matinees and the champagne-reception-premiere at the Plaza Theatre.

Edholm said that the next phase in the clock tower fund drive will be for individual donations.

Editorial

The interchange

Sponsored by the California Division of Highways, a public hearing was held on Tuesday, March 30, at the Castlemont School on the proposal to build an interchange on Route 17 at Campbell Ave.

The purpose of the hearing, as explained by the State officials, was to afford public participation in the consideration of the interchange proposal.

A transcript of the hearing was made for the record and the hearing record will be held open until April 29, 1971, during which period letters or statements may be included in the record.

Such statements should be mailed to Alan S. Hart, district engineer, Division of Highways, District 4; Post Office Box 3366 Rincon Annex, San Francisco, California.

On display in the hearing room at the school were a number of designs of the proposed interchange showing what properties would be affected by the project.

Somewhat confusing, as is always the case in any long-range planning, was that the public hearing was merely the first step in the long, long road that is necessary in the planning and eventual construction of any state highway project.

Priorities being what they are, an educated guess would be that the interchange is some 10 years in the future, provided, of course, that the proper approval is obtained step by step by all agencies as the proposal moves down this long, long road.

The City of Campbell's position is merely that of attempting to visualize the future needs of the city and be prepared to act, if and when it has been determined that the interchange is the solution to the traffic problem.

We think it is imperative that the City of Campbell does embark on a long-range planning program, whether it concerns a proposed interchange at Highway 17 and Campbell Ave. or whether it involves rezoning or any other function that is the responsibility of the city administration.

We think critics of the proposed interchange should keep in mind that it is a long-range plan and that the city officials would be remiss in their duties if they did not try to look ahead as best they can by using the best information they have available.

It is conceivable that the critics of the city's position in this particular case at this particular time could very well be just as critical, some 10 years hence, if the City of Campbell officials had made no attempt to plan ahead and had sat on their collective hands.

What we are saying, of course, is that any time any projection is made, based on future occurences, it is difficult to keep the proper perspective.

A decade can change any given situation radically.

A case in point, for example, would be the 18-story office building, "The Towers", and the adjoining PruneYard development at Bascom and Campbell Avenues.

Did anyone 10 years ago envision such a development on that 34-acre orchard?

There are many factors to consider relative to the proposed interchange at Campbell Ave. and Highway 17.

Obviously of prime concern would be the improvement of Campbell Ave. in some shape or form.

To dump more traffic on poor old Campbell Ave. in its present condition would be the height of absurdity. The thoroughfare is in bad enough shape now.

Thus it is imperative that the so-called loop system, or some similar scheme, be in operation before any interchange starts dumping traffic on the street.

City officials are well aware of this.

Campbell's share in funding the interchange must also be considered. In such projects, initiated by a city as in this case, the city picks up the tab for land acquisitions for the rights-of-way.

It is estimated that Campbell would have to shell out about $1 million based on the designs that have been presented.

Obviously the City of Campbell hasn't that kind of money in its jeans. It means a bond issue for that purpose would have to be presented to the people.

Thus it will be the people who eventually must directly decide by their vote when all the facts are in, whether the interchange should be constructed.

Obviously the interchange at Campbell Ave. and Highway 17 is still a long way off.

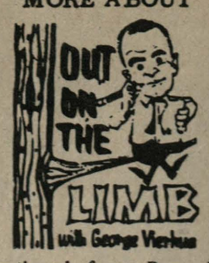
There are many variables that must be considered, and there are many "ifs" that will complicate matters.

We agree, however, that now is the time to look ahead and plan for eventualities as best we can.

No one can accurately judge what is going to happen 10 years hence. That's too far into the future.

Unfortunately, however, years do have a habit of passing in a hurry.

MORE ABOUT



(Continued from Page 1)

that rarely will all the members of any single organization vote the same way despite the official "endorsement" of that organization.

People just don't react thataway.

But our endorsement is not that of any organization. It merely is the opinion of your editor who directs the editorial policy of this paper. It is simply a public statement of how he is going to mark his own ballot on election day.

We concede, of course, that there may be a few wandering souls around that could be influenced by the endorsements made by this newspaper.

Apparently we do make some sort of an impact.

And we have the scars to show for it.

Of course, there will be many who will disagree with our endorsements. That is their privilege.

In fact, the teacher's union group has already endorsed Dr. Richard MacQuiddy and Bob Lemmerman.

That was almost as expected as ours.

Except our endorsement is different.

We are not speaking for anyone else, just our own ballot is involved. That way we don't have to worry about whether the "organization" will vote as a block.

Unless, of course, it is a small organization with six or less members.

Happy hunting.

-0-

THERE IS A CITY ELECtion taking place in San Jose, on April 13 as most of you probably know, if you have been reading the signs.

There have been plenty of them, all sizes and shapes.

Many of the candidates for the San Jose City Council seem to need some briefing as to where the city limits are of that city.

Many of the candidates' signs blossomed out in Campbell in violation of this city's ordinance which specifies that no candidates' signs will be erected within the city limit for an election in which our citizens are not involved.

And that eliminates the current San Jose hassle. That's strictly a San Jose affair.

Before it was ruled that the people of San Jose would not vote on the utility tax, a number of signs about "Proposition A" sprouted up in the heart of Campbell.

Our office received a number of calls from people who wanted to know all about "Proposition A" and how come we hadn't informed 'em that the City of Campbell had an election coming up.

We weren't sure whether we were able to convince some of them that it was in San Jose and that Campbell was not involved.

In most cases, the signs of the candidates that were found to be in the wrong pew were removed by the people who put 'em up, especially when they were informed they were violating a Campbell ordinance.

Candidates dislike being called law-breakers.

It fell to the lot of Bruce Powell, the newest member of Campbell's planning staff, to make the contacts with the proper candidates and to "suggest" that the signs be removed.

Bruce did a good job.

It was surprising how many signs only had a one-night stand.

What's that song again?

"Show me the way to San Jose."

-0-

CONSIDERABLE OPPOsition to the proposed (far in the future) interchange at Campbell Ave.-Highway 17 was aired at the recent public hearing called by the Division of Highways.

A number of residents on E. Campbell Ave. voiced concern over the increased traffic they anticipated would result on their street if the interchange was built. They also hinted quite obviously that they felt that the reason the City of Campbell was pushing the interchange idea was because of the pressure applied by Fred Sahadi, developer of the PruneYard.

We felt that the E. Campbell residents, and others who might be directly affected by the interchange, had every reason to express their concern, although it was unfair, in our opinion, to suggest that Sahadi was calling the signals.

-0-

BUT WE WERE CONFUSed by the objections offered by a Los Gatos resident. He admitted he had no concern over the traffic flow off the freeway. He just traveled the freeway regularly. He opposed the interchange, he said, and would use his own money to fight it.

We thought that Mayor Dean Chamberlin did an excellent job in explaining the city's position. Dean emphasized it was long-range planning and that the city was looking ahead in an attempt to be ready to act when, and if it was found that an interchange was necessary to alleviate the traffic situation.

He explained that the issue was not being decided then and there.

Representatives from the city of San Jose were also present to object to the interchange concept. That was to be expected.

The objection of San Jose was primarily a selfish one.

The San Jose people admitted that they did not want the interchange because it might conceivably take priority over projects in their city.

So what else is new?

MORE ABOUT

Trustee battle

(Continued from Page 1)

paign.

Siding with MacQuiddy's viewpoint is Bob Lemmerman of 4725 Del Loma Ct., Campbell, while Dr. Robert L. King of 15232 Stratford Ct., Monte Sereno, a veterinarian, is aligned with Gilliland.

The fifth candidate is Dr. Ralph Anderson of 13687 Quito Road, Saratoga, a corporation president manager, who submits that his business experience and recognition of the problems of the district, plus the fact that he has a definite plan of action, qualify him to serve as trustee.

ENDORSEMENT

Endorsements of the various candidates have been announced by individuals and organizations as the campaign goes into the last lap with campaign literature flowing freely.

Over the weekend, the MacQuiddy-Lemmerman campaign group issued a "Campbell Mini Press" emphasizing their side of the case and claiming that "due to 'politics' of the local press, the community has been denied exposure to all sides of the current campaign and related subjects."

Dr. MacQuiddy in the tabloid reiterated the reasons that had been publicized previously for demoting Royer and which have been answered by the demoted superintendent.

MacQuiddy and Lemmerman have also received the endorsement of West Valley Federation of Teachers, Local 1953 of the AFL-CIO. This endorsement was not unexpected, as the local teachers' union, which does not make its membership public, but is reported to represent approximately six teachers in the district, has consistently opposed Royer and approved the board majority's action.

A statement has also been issued by Herb Wadley, president of the Campbell Elementary Teachers' Association condemning Royer's activities in his attempt to be reinstated.

In the meantime, friction continues in the school district as both camps fight for the citizens' vote in the April 20 election.

OTHER DISTRICTS

In contrast to the local scene, the trustee races in the other districts in the area are tame affairs.

Bob Brydon, Bill Homan and Robert A. Sorensen, all incumbents for Area 3 (Campbell Union High School District) of the West Valley College District are on the ballot for reelection as is Don Lindstrom, the incumbent from Santa Clara.

Ernest J. Paramo and Sonia Byars are running for trustee in Area 3, but Lindstrom has no opposition.

In the Cambrian District, Ed Carman and William Sartorett are seeking reelection on the ballot, also are Robert D. Coleman, C.B. Towner and Quantin Taylor.

Mrs. Doris von Hermann and John W. Anderson are seeking reelection in the Moreland District. Also on the ballot are Tashimi Kumagai, and David S. Williams.

Tia Maria plans to open here

Groundbreaking ceremonies were held last week for a Tia Maria restaurant to be located at 499 E. Hamilton just behind Breuner's off Highway 17.

Assisting George Martinez of the restaurant chain, of which Campbell will be the sixth, were Mayor Dean Chamberlin and City Manager Bob Stephens.

After the groundbreaking ceremony, Martinez hosted the two Campbell officials to lunch at the Tia Maria in Los Altos as a preview of the Campbell operation.

The new restaurant will feature early California decor and will have Mexican cuisine. It will have a patio dining room modeled on an early California hacienda courtyard and a fiesta dining room that will seat 60.

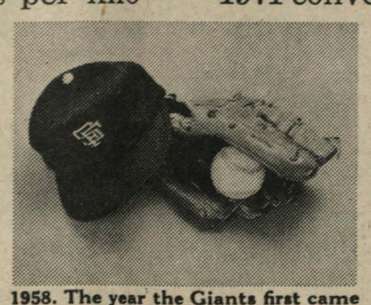
If you're an average PG&E home customer, you're paying 18% less per kilowatt hour for electricity than in 1958.

It's a fact. Even with the recent rate increase, the average PG&E home customer pays 18% less per kilowatt hour for electricity than he did 13 years ago. The reasons: several earlier rate decreases and zone adjustments, plus like other things, electricity is "cheaper by the dozen."

Sure, your average bill is probably higher today than it was in 1958. But that's because you've added more electrical conveniences and comforts to your home. Yet isn't it nice to know that it's still possible to enjoy these 1971 conveniences at less than 1958 rates.



1958. The year the Giants first came to San Francisco.

Of course, during recent months your bill was at the winter peak, for you used more heat, more light and cooked more hot meals. But with warmer weather and longer days just around the corner, you'll need less electricity and your bill will drop.

PG and E

Charlie Cole seeks election as high school board trustee

More usable education per tax dollar and more efficient use of school facilities are the aims of Charlie Cole, 64, a contender for trustee of the Campbell Union High School District.

Cole maintains that his experience as an employment and vocational counselor has given him a realistic understanding of what employers hope for in hiring graduates of our schools.

Cole has lived in the Campbell Union High School District for the past 13 years. He has been active in the Campbell Chamber of Commerce and St. Edwards Episcopal Church. He worked for passage of the last school bond election. He has a daughter at Del Mar High School and two married daughters and a son, plus five grandchildren.

Cole's business is that of a consulting graphologist for industry, doing personnel and vocational reports.

CHARLIE COLE
--board candidate

AT CAMPBELL STORE---A painting of Stanford University as it was before the 1906 Earthquake is a feature of the Leland Stanford Room at Breuners in Campbell. Mr. Stanford is one of six legendary California personalities featured in the Colorful Californians contest now underway at all 10 Breuners stores in Northern California.

Humorist speaks at WV College

"A Satirist at Work" is the topic for humorist Richard Armour, set to appear at West Valley College, Wednesday April 14 at 8 p.m.

Armour is the author of more than 40 books, including "It All Started With Columbus", "Golf is a Four-Letter Word", "Going Around in Academic Circles", and his current work, "A Short History of Sex".

Though writing playfully and irreverently, Armour is thoroughly familiar with the academic scene. A graduate of Pomona College and a Ph.D. from Harvard, he has been most of the things he writes about: undergraduate, graduate student, instructor, assistant professor, associate professor, professor, visiting professor and dead of the faculty.

At present he is Balch Lecturer in English Literature at Scripps College in Claremont, Calif. He bases his "low view of higher education" on no one institution—least of all the institution with which he is currently connected. Rather, he draws upon his knowledge of many campuses, as well as his not inconsiderable imagination.

Tickets for Armour's appearance, which will be held at Campbell High School auditorium, (corner of Winchester Blvd. and Campbell Ave.) may be obtained through the Office of Community Services, 44 E. Latimer Ave., Campbell, room L-26, telephone 379-1733, ext. 58.

FIRE CALLS

MARCH 26 - 1108 Robway Ave. Public service.
MARCH 27 - 613 Beta Ct., Apt. D. Fire in building.
MARCH 28 - 1650 Winchester Blvd. Auto fire.
MARCH 31 - 421 N. Manchester Ave. Fire in rubbish.

APRIL 7:

On this date in 1959, the first operational Snark missile hit its target area after a 5,000 mile flight.

Teacher group invites parents for discussion

"One Night for Education" will be the theme for a meeting of parents and teachers next Wednesday, April 14, at 7 p.m. at Campbell High School.

According to Herman Osorio, president of the teachers' division of the Campbell Union High School District Education Association, sponsoring the meeting, the purpose will be to assemble ideas and opinions with relation to education in the high school district.

Osorio will open the meeting and then those in attendance will break into smaller groups and will concentrate on general topic areas.

According to Osorio, it is hoped that a better picture of what is desired in the educational future of the district will result from the meeting.

Marine Corporal Alexander M. Antolin, son of Mr. Leo C. Antolin of 932 Crockett Ave., Campbell, is serving at the Marine Corps Air Station, Kaneohe Bay, Hawaii.

FURNITURE IMPORTERS OPEN---Grand Opening of the new Scandia Furniture store in the Kirkwood Plaza took place Saturday. The store is owned and operated by John Nielsen and Aage Lundquist, formerly of Dragør Havn, Denmark. Both men are skilled cabinet makers from the old country, emigrating first to Canada and then to the United States.

They will feature furniture of teak construction, as well as rugs and other accessories for the home.

LITTLE MISS MUFFET?---No, just because the title of her science fair project was the "Uses of Whey" doesn't make Connie White of Monroe School related to the Mother Goose rhyme. Connie is congratulated by Art Ring, science fair coordinator of Campbell Union School District, on her display which won her a place in the seventh grade biological sciences division of the recent district sponsored fair at Castlemont School. More than 200 youngsters participated in the 14th annual fair, which attracted over 1000 visitors. Their projects were judged by 30 volunteer judges who awarded 46 division award ribbons.

DARTING AROUND

with Tom Carroll

The Dutch Goose of Menlo Park picked up three games and are tied for second place with Scarlett La Rue's of Los Gatos. Still holding a three game lead in the "A" Division of the South Bay League of the Northern California Darts Assn. is Banbury Clock I.

The "Goosers" defeated the "Spear Chuckers" (Primrose Lanes II) by a score of 11 to 1.

Lancashire Lad I slipped into fourth place, eight games behind, when they lost to Banbury Clock I, 8-4. Lad I's John Forbes shot a 140 and the Clock's Rick Miller had a 16 dart game and scores of 123 and a ton (100).

Scarlett La Rue's took an interleague match, 9-3, from the Black Knight I of the El Camino League. Ben Macredes shot a 140 for the La Rue's with Pete Webster shooting three tons and Tom Meng getting a 97 away for the Knights.

This caused the Knights to slip back to third place in the "A" Division of the El Camino League.

The "Banshees" (Primrose Lanes I) retained their first place standing by defeating the Black Watch, 8-4. Ron Rutherford shot a 13 dart game and had a high score of 118 while teammate Tom Patton had a 15 dart game and three tons for the Banshees. George Williamson popped a 109 for the Watch.

The Scuttlebutt of Mountain View moved up to second place by defeating Lancashire Lad II, 10-2. Team captain Jack Mahtala sparked his team to victory with a 117 and a 121. Teammate Pete Crutchfield popped a 106. Evy Miller had a 96 away for the Lad's.

"B" DIVISION

The hot game in the "B" Division of the South Bay League was between Harold's Club of Redwood City and Black Knight II of Campbell. Going into this match both teams were undefeated with the Knight, five games behind the first place Harold's

When the smoke had cleared the Knight had taken over first place by winning 9-3. Both teams fired hot darts at the board with Marv Wernli shooting a 93 in and a 120; Rick Besant with an 80 away and Rick Hubbard shooting a 121 and a ton for the losers. For the winners Gary Fisher shot a 76 away in a 14 dart game, as well as a 111.

Mike Pate had both an 80 away and an 82 away while Tim Noe popped a 125.

Lancashire Lad III played to a 6-6 standoff with Primrose Lanes III. Another 6-6 split was recorded between the Villains (Gaslighter Theater IV) and the all-girls Lancashire Lad IV.

The inter-league match in the "B" Division was between the Reruns (Gaslighter Theater II) and Banbury Clock II. A tight match all the way with the Clock ahead by one game going into the last team game.

In the 1001 team game the Reruns were 200 points ahead when Bud Guardino popped a 180. 180 is the highest score that can be shot, three triple 20's. From that point on it was the Clock's game and the match, 7-5.

Bud Guardino had tried earlier in the evening to hit a 180, when he hit a 138 (two triple 20's and an 18). He also shot a ton as did Ken Tanaka of the Clock and Dan Chavaz of the Reruns.

The Clock's Sunny Barry shot a 102.

In defeating the Reruns, the Clock didn't win enough games to retain first place in the "B" Division of the El Camino League. Andy Capp's of Sunnyvale defeated Gaslighter Theater III, 10-2, to move into first place only one game ahead of Clock II. John Scanlan shot a 117 and Pat Madden had a 105 and a 106 for the Capp's.

Mugs!

DART GAMES TONIGHT (April 7)

Harold's Club at Gaslighter Theater II, 400 E. Campbell Ave., Campbell.

Primrose Lanes III at Gaslighter Theater IV.

Scuttlebutt at Black Knight I, 1781 Winchester Blvd., Campbell.

Black Watch at Lancashire Lad II.

Gaslighter Theater III at Banbury Clock, San Jose Inn, 1860 The Alameda, San Jose.

DART GAMES NEXT WEDNESDAY (April 14)

Preliminaries, Northern California Darts Assn. Doubles Championship:

El Camino League: Lancashire Lad, Los Gatos.

South Bay League: Primrose Lanes, Burlingame.

4-H CLUB MEMBERS

by Louis Zurlo

Members of the El Sereno 4-H Club elected Coral Foss the new vice-president at their last meeting which was at the Immanuel Lutheran Church, March 23.

During the meeting we had reports on our project four, fund raising, and skating party committees.

Committees were formed for our parking lot sale and our mother-daughter tea.

After the meeting we had demonstrations by Donald Duffin on "Relatives of Onions", Dorthy Keefer on "Well Begun Is Half Done"; Susan Snause and Allison Blesch on "Chickens Delight"; Lorraine Carlson on "M.A.S.H."

Also demonstrating, Anna Roberts on "How To Grow a Girl On the Four Basic Foods"; Louis Zurlo on "It's an Invasion Of Good Guys"; Clare Carlson on "Focus On 4-H" and Richard Zurlo on "Frame Up".

ATTEND Easter Services IN CHURCH

"I will come again, and receive you unto myself; that where I am, there ye may be also."

John 14:3

CAMPBELL Memorial Chapel
231 EAST CAMPBELL, CAMPBELL
PHONE 379-5010

Starting on Palm Sunday, Christian churches throughout the area have scheduled special Holy Week services which will culminate on Sunday in the celebration of the Christian churches' most joyous event, Easter Sunday, April 11.

Six churches in the area will combine in a Good Friday service from noon to 3 p.m. at the Congregational Church.

Most of the churches will mark Maundy or Holy Thursday with special services. At the First United Methodist Church a quiet communion is scheduled from 6 to 9 p.m. as a time for meditation. Members of the Congregational Church will have services in the homes. The Immanuel Presbyterian Church has a 7:30 p.m. communion service.

There will be an 8 a.m. Mass at St. Lucy's on Holy Thursday and at 8 p.m. celebration of the Lord's Supper.

GOOD FRIDAY

The community Good Friday service, which will be held at the Congregational Church, 400 W. Campbell Ave., from noon until 3 p.m., will be divided into five segments so that worshippers may attend during one or more of the half-hour periods.

Churches participating include, Campbell Assembly of God, Campbell Congregational, Christian Center, Immanuel Presbyterian, Memorial Baptist, Zion Lutheran and First United Methodist Church of Campbell.

The services will begin with a period of directed prayer and silent meditation from noon until 12:25 led by the Rev. W. H. Gould of the Methodist Church.

Messages from the Rev. Roland Wiederanders, Zion Lutheran; the Rev. Herbert L. Johnson, Assembly of God; the Rev. Wayne Myers, Congregational; the Rev. Lorimer Olson, Memorial Baptist; the Rev. Guy M. Heath, Christian Temple, and the Rev. Foster Shannon, Immanuel Presbyterian, will be part of the four periods of worship. The choir of the churches will also participate.

The overall theme of the pastoral meditations will be "Journey Into Joy". Each subject will be taken from the Great Prayer of Jesus in John, chapter 17.

At St. Lucy's on Good Friday there will be no morning Mass and the celebration of the Lord's Passion will begin at 1:30 p.m. with the pre-Easter penance service at 7:30 p.m.

There will be no morning Mass at St. Lucy's on Holy Saturday with the celebration of the Easter Vigil at 9 p.m. There will be no Saturday Mass other than the Easter Vigil.

EASTER SUNDAY

None of the churches in the immediate area have scheduled Easter Sunrise services. For the 24th year such services will be held at 6 a.m. at Oak Hill Memorial Park. The services will be on "Sunrise Hill," one of the highest points in the San Jose area.

There will be three Easter Sunday services, 7:30, 9:00 and 10:30 a.m. at the First United Methodist Church.

There will be special music and the sermon topic of the Rev. Gould will be "Easter is Man's Confrontation".

Two services will be held (8:00 and 10:30 a.m.) at Immanuel Presbyterian Church.

The Assembly of God has scheduled Sunday School at 9:45 a.m., with a special children's program and junior choir along with the resurrection lesson from the Bible for all ages.

The Rev. Herbert Johnson will have as his sermon topic for the 11 a.m. service "The Key to Christianity—Christ's Resurrection". There will be congregational singing and the choir will present "The Halleluia Chorus". Mrs. Alice Johnson will be the soloist. There will also be a 7:30 p.m. evening service.

Masses at St. Lucy's on Easter Sunday will be at 7, 8:30, 9:45, 11 and 12:15. No evening Mass will be held.

Duplicate services at 9:30 and 11 a.m. will be held at the Congregational Church of Campbell on Easter Sunday. Sermon topic of the Rev. Wayne Myers will be "Jesus, the Victor". Special music will be directed by Colin Ford.

Other churches in the area have also scheduled special Easter services.

JEHOVAH'S WITNESSES

"Jehovah's Witnesses of the South Campbell congregation in Campbell will join in the celebration of the Memorial of Christ's death, Friday, April 9," according to Salvatore Pavone, presiding minister of the congregation.

The memorial service begins at 7:00 p.m. and will be held at the Nordahl Hall, 580 West Parr Ave., Los Gatos, according to Pavone, who will conduct.

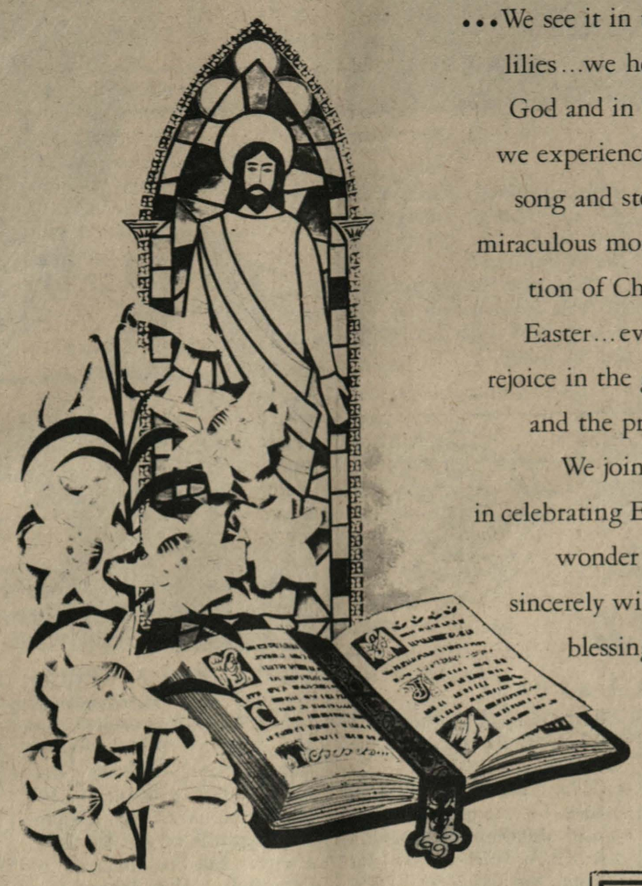
A week of special activity is planned by the South Campbell congregation in connection with the memorial celebration.

Climax of the Memorial week activity is a public address Sunday at 10 a.m. entitled "Make Your Flight to Safety", given by Jared Church at the Kingdom Hall at 230 Virginia Ave., Campbell.

TRINITY PRESBYTERIAN

"It Began To Dawn", will be the subject of Dr. Mortimer Stocker's Easter Sermon at the 9:15 and 10:15 hours of worship in the Trinity Presbyterian Church, 3151 Union Ave., San Jose.

Dr. Stocker, D.D. recently retired from the pastorate First Presbyterian Church of Everett, Washington.



...We see it in the flowering of the lilies...we hear it in the Word of God and in His holy Book...and we experience it, most joyfully, as song and story tell anew of that miraculous morn, and the Resurrection of Christ. Everywhere, it's Easter...everywhere, Christians rejoice in the glory of His message and the promise of life eternal. We join with our neighbors in celebrating Easter with reverence, wonder and prayer...and we sincerely wish for one and all the blessings of the season.

ST. LUCY'S CHURCH
CAMPBELL, CALIFORNIA

Holy Week - 1971

HOLY THURSDAY: April 8
8 a.m. (Only morning Mass.)
8 p.m. Evening Celebration of the Lord's Supper.

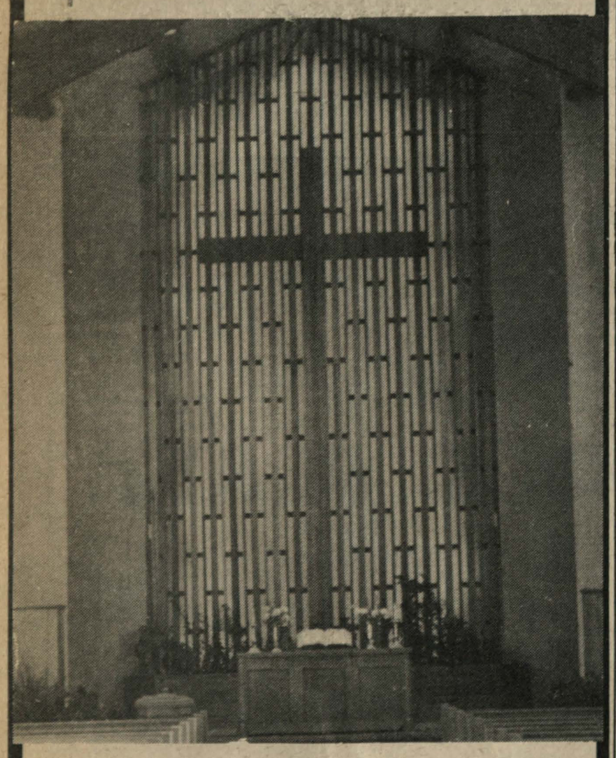
Friday: Penance service at 7:30 p.m.
Saturday: 3:00 to 5:00 p.m. (No confessions in the evening.)

The last three days of Holy Week are special days. The usual weekday Mass schedule is suspended during this time.

Easter
SERVICES 9:30-11:00 a.m.



CONGREGATIONAL CHURCH OF CAMPBELL

U.C.C., 400 W. Campbell Ave., will hold duplicate Easter services; Easter scriptures, prayers, message: "JESUS, THE VICTOR," to be given by the Rev. Anthony Wayne Myers; Easter music, Colin Ford, organist-director. Pre-School classes, Cribroom care, Church School (9:30). Welcome.

Take stock in America.
Now Bonds pay a bonus at maturity.

Okay, you're young. You've got all the love in the world and you're doing your best to live on it. Retirement? That's for when you're old, right?

It's for when you're old *if* you can afford it.

The kind of retirement you're after isn't the typical rocking-away-on-the-front-porch variety. You probably picture yourself taking extended vacations, pursuing hobbies, or buying that forty acres and living off the land. Pipe dreams? Not if you prepare now.

There's an easy, painless way to make your retirement dreams a reality. Join the Payroll Savings Plan where you work. That way, an amount you specify will be set aside from each paycheck and used to buy U.S. Savings Bonds. It's an easy way to save.

And now there's a bonus interest rate on all U.S. Savings Bonds—for E Bonds, 5½% when held to maturity of 5 years, 10 months (4% the first year). That extra ½%, payable as a bonus at maturity, applies to all Bonds issued since June 1, 1970... with a comparable improvement for all older Bonds.

Now is the time to start saving. Money's a nice thing to have while you're living on love forever.

Bonds are safe. If lost, stolen, or destroyed, we replace them. When needed, they can be cashed at your bank. Tax may be deferred until redemption. And always remember, Bonds are a proud way to save.

U.S. Savings Bonds

CHRIST'S RESURRECTION

April 11, 1971

The following questions are easily answered from the Scripture references given. The first 50 people who send in the correct answers will receive a copy of "Good News for Modern Man" as a gift from Pastor Johnson. This is the New Testament in Modern Speech.

1.	Matthew 28:2	Who rolled away the stone from the door of Jesus' tomb?
2.	Matthew 28:6	Did he invite the ladies to examine the empty tomb?
3.	Mark 16:9	To whom did the risen Christ first appear?
4.	Luke 24:10-11	Did the disciples believe the ladies when they first told them about the empty tomb?
5.	Luke 24:13-32	When did the two men first recognize that the man who talked to them was Jesus?
6.	Luke 24:29	Did the risen Jesus invite His disciples to touch Him to see if it were really He?
7.	John 20:24	Which disciple was absent when Jesus first appeared to His disciples?
8.	John 20:30-31	Why does John say he wrote this book?

Letters to the Editor

PLANNING POLICY

Dear George:

The following is a summary of the statement I made to my fellow Planning Commissioners on Monday, April 5, the first meeting in which I assumed the chairmanship.

I thought it may be of interest to the citizens of this community.

Thank you,
Dale H. Scott

Beginning now I hope that this Commission will adopt a course of constructive action based upon the premise that the members of this Commission believe they must work together to plan for the type of City our citizens wish and desire.

Additionally, I believe we will embark on a course of action designed to provide leadership and propose viable answers to pressing current problems as well as the future needs of our City.

Much has been said in the last few weeks regarding this Commission and the events that have occurred. The past is past.

Our aim should be to learn from our history, not to relive it week after week.

We must direct our attention and efforts toward dealing with the long-range problems we face in addition to the short-range problems of zoning, architectural and site approvals, annexations and subdivision maps.

Issues of vital importance have failed to interest the past Commission. I would hope that we can present a new set of priorities to our citizens. What have we considered in relation to our total housing requirements for the next ten to fifteen year period? What have we done to assure ourselves that if and when a transit district became a reality that the needs of the citizens of Campbell will be met?

How concerned are we about the problem of earthquakes and what steps can be taken to afford our citizens that we have done ALL possible to deal with the DISASTER of a future quake? How effective have we been in providing input to the Planning Policy Committee that will be useful in their efforts? What have we done to assist the City Council in providing proposals and ideas to carry out the purposes behind the creation of the Urban Renewal Program?

In short, I believe we have a sizable task before us. I believe we must immediately demonstrate to the Council and Community that we are deserving of their confidence and respect. We must all do our best in order that our recommendations, when finalized, will be sound and based upon good reason and good planning.

To this end I am suggesting that when the Commission is at full strength we consult with the Council to achieve and identify a common approach to problem solving.

We must remember one other important point. There is only one governing body in Campbell. This Commission is advisory and serves at the pleasure of the Council.

Criticism can take two forms.

One form is based upon the subjective, destructive and personal level. The other is based upon objective, constructive and non-impersonal concerns. I suggest we begin to follow the second pattern of disagreement.

My hope is that we together can build a new era of confidence between the Council and this Commission.

This leads to another question raised recently. This Commission has been accused of acting contrary to "established city ordinances".

This Commission and the City Council have been guided at all times by the legal advice of the City Attorney. We have followed his advice as to the interpretation of City ordinances.

In fact it is those who have disagreed with the City Attorney that have advocated that the Commission and Council violate City ordinances. If there are those who feel City ordinances have been violated they are knowledgeable enough to know the appropriate process for legal redress.

I see my role as Chairman to be that of an expediter of the business of the Commission and to fill those leadership roles that fall to the Chairman.

In conclusion this is the beginning. I hope that our goal will be to develop a better City, our methodology objective and positive and our conclusions rational and reasonable.

Dale H. Scott
Chairman, Campbell
Planning Commission

NO IMPROVEMENT

Last week I attended a coffee for Dr. MacQuiddy and Mr. Lemmerman who are apparently running as teammates on the same general platform. I felt perhaps those readers who have not been so fortunate, might be interested in their stated objectives.

In addition to the painfully extensive and defensive analysis of Dr. MacQuiddy's part in the Neal Royer fiasco, a little time was spent explaining their great and costly plans for the Campbell Union School District:

1) Hire more psychologists to help our children face today's grammar school world (Dr. MacQuiddy is a psychologist).

2) Institute more special programs for the "numerous" gifted children in our school system.

3) Expand sex education (family life education) in grades K through 8.

4) RAISE SCHOOL TAXES TO PAY FOR ALL THIS!

Incidentally, there wasn't one thing said about improving the school district efficiency, let alone improving our children's ability to read, write, speak the English language, and do math. If the voters elect these birds of a feather, they'll get what they are asking for. They will deserve every last bite of it (tax bite, that is). As for myself, I'm voting for Dr. Ralph Anderson and Robert King, and encouraging everyone I know to do the same.

Sincerely
Meg Keller
(Mrs. R. Davison Keller)

MINORITY REPORT

EDITOR'S NOTE: In the March 24 issue of The Press, a statement of the three-member majority of the board of trustees of the Campbell Union (elementary) School District (Dr. Richard MacQuiddy, Ralph Steinberg and Mrs. Eleanor Graham-Armstrong) was published under letters-to-the-editor.

The statement of the majority was in answer to the open letter of Neal Royer in response to the reasons given by the board majority for his demotion as superintendent.

The following statement has been issued by Mrs. Judy Ruscigno and Jim Gilliland who comprise the two-member minority of the board of trustees. – G.V.

by Jim Gilliland
Judy Ruscigno

We, as Trustees, have been questioned on the Board Majority "Positions" as published in the Daily Bulletin following the last two Board Meetings. We have been reluctant to enter the contest for employees' political support. However, we feel it is our duty to inform employees of our position and, after many requests, offer this factual report.

Dr. MacQuiddy has made several statements which require factual answers. He has stated that he has evidence, documentation and affidavits which will prove the charges against the Superintendent. IF he has those in his possession, he is obligated to supply copies to us, as we do not have and have never had those in our possession.

How can a Board President withhold information of this magnitude from duly elected representatives of the community? Does he do so on the same basis that he withheld a letter from County Counsel, dated December 17, 1970, from us until January 14, 1971? These are indisputable facts. Are we expected to exercise the public trust without all available information?

The Board Majority has stated it finds political activity on the part of a Superintendent improper. Why is it that the Board Majority encourages, in fact solicits, political support from Teachers' Organizations, Principals, Home and School Club and PTA Presidents and Trustees themselves?

In the last election, July 1970, Board Members publicly endorsed candidates, as did Mr. Martin representing the WVFT. The Superintendent did NOT endorse a candidate. Why are the Superintendent's constitutional rights questioned? Why the double standard?

The Board Majority has chosen to participate in a "trial by newspaper" contrary to the advice of County Counsel. Is there any justification for the apparent "open season" on character assassination? Because the Superintendent has chosen to publish the charges against him, does that justify the abandonment of due process? We certainly hope not. We have much faith in our judicial system and will strive to rise above personal attacks on anyone involved.

Re: Postal Inspection –
Board Majority Position, Point No. 3, dated March 25, 1971. A fact "established with reasonable certainty" is nothing more than a meaningless opinion which has not basis in truth and in fact. We are confident that NO Postal Inspector will jeopardize his reputation in order to substantiate that opinion.

This matter will be settled properly in court. In addition, the (majority) Position quoted a letter from Postal Inspector E. R. Meir, dated March 11, 1971, but failed to quote that the letters in question were mailed by "person or persons unknown". The Postal Department has terminated its investigation.

More Indisputable Facts:

1. The Superintendent was not provided written charges before demotion.
2. He was not allowed hearings with legal counsel before or after the demotion. The November 30, 1970 meeting can in no way be construed as a legal hearing as written charges were not completed until January, 1971.
3. The Board Majority did not seek advice of CSBA, CASA or any other professional organization before or after the demotion.
4. There is no official evaluation of the Superintendent adopted by the Board on file since 1965 and certainly none by the current Board.

Can this be considered proper and just termination procedures?

Let us put aside our immediate ambitions and personal gain and rise above our differences to a higher goal---education. Let the courts decide the issue of the Superintendent.

VERY BIASED

Mr. Vierhus:

Your EFFORTS to present the news stories as you see them when the action occurs are certainly commendable!

However, as you reevaluated your coverage of the Campbell Union School District situation in response to a number of critical letters, it was a shame that your strong opinions again pervaded another aspect of your journalistic practice.

It is quite obvious from your statements that ONLY the readers of the Campbell Press themselves are able to judge the quality of the material presented.

As an individual member of this community (my address is 870 Monica Lane, CAMPBELL), I have found the coverage given to the current problems of the Campbell School District to be very BIASED.

As I was "Up in the Tree" with George Vierhus (3/31/71), I read that preposterous set of paragraphs that was written for the purpose of defending your fairness as a competent journalist. You've certainly failed to provide fair coverage concerning the issue at hand.

As for your competency, it is well illustrated in the editorial comment that fills your newspaper.

The people of Campbell would appreciate a newspaper that equally represented both sides of a given issue. "But that may be too much to expect!"

Thank you for allowing me to express my opinions,
Bill Mitchell, Jr.

ARMBRUSTER here

SOME LITTLE KNOWN SCIENTIFIC FACTS

Sometimes it bothers me when I read about how this or that big shot scientist has discovered some new basic truth about the universe. Why don't they ever report it when an ordinary guy discovers a new basic truth?

I mean, like no scientist would ever believe it, but I know in my heart that the toast always lands jelly side down. That's a fundamental law of inanimate perversity. Or, stated in another way, the probability of a given event is directly proportional to the size of the mess it is likely to make.

In paint, for instance, red paint tends to spill about twice as easily as white paint, that's fundamental, man, and everybody knows it!

Here's a couple more: Dogs and cats tend to accumulate, while tools and gloves tend to disappear. Junk tends to accumulate until the garage is full, then it stops accumulating.

Any car runs fine until you get outside the city limits on a trip out of town, then it runs funny until you get within a block of a mechanic, the effect is doubled when the car is a new one still in warranty.

When you lose something, like a glove, (see "gloves", above) it is always found in the last place you look, unless it is in the garage, in which case it can't be found at all until after you've gone and bought a new pair.

I know why, for instance, they had the recent earthquake down in Los Angeles, but does anybody come out to the house and interview me for a front page story, not on your life.

I'll tell you why they're having earthquakes, they are having earthquakes because they got the telephone wires too tight, something slipped and all the poles had to move, therefore all the ground had to move and "bingo" – earthquake. Now, if I've told them once, I've told them a dozen times, all they have to do is loosen up on those telephone and power wires a little bit and their earthquake worries will be over, but nobody listens.

BABY-SITTERS

Campbell Fire Department announces that graduation exercises will be held on Monday, April 12, for students who have participated in the department's sixth annual Baby-Sitter's Seminar in the multi-purpose room of Campbell Elementary School, 295 Cherry Lane.

REUNION

Campbell High School, class of 1961, is planning a reunion on Saturday, May 1 at San Jose Elk Lodge, 44 W. Alma in San Jose, according to Mrs. Steven Kallam (Phyllis Romero), 227-5644.

In addition to the Saturday night dinner, the class plans a family outing on Sunday, May 2 at Vasona Park.

DEAN'S LIST

Terry Brink, son of Mr. and Mrs. Lee L. Brink, received all A's and was named to the fall semester Dean's List at Claremont Men's College. Also named to the list was Steven Borsgard, son of Mr. and Mrs. Calmer S. Borsgard.

PHARMACY PHACTS

By Allan Blaine

A team of scientists from Alabama, Canada and Scotland working on antidotes for such drugs as LSD have found an agent able to cancel the effects of hallucinogenic drugs in animals.

* * *

It is reliably estimated that 90 per cent of the prescriptions written by doctors today could not have been filled 15 years ago.

* * *

Animal organs have always been used to treat human illnesses. At one time, owl brains were administered for headaches.

* * *

When radium was first used in medicine, at the turn of the century, it was valued at about $7 million an ounce, but there wasn't an ounce of pure radium in existence.

* * *

Beware of "fad" diets. Many people have lost not only a few pounds, but their health as well, by dieting without medical supervision.

Emblems given provisionals at Good Samaritan

Marking completion of a six-month provisional period of service, 106 members of the Auxiliary of Good Samaritan Hospital of Santa Clara Valley were received into full membership.

There was an equal number of junior and senior members.

Robert Kirk, administrator of the hospital, presented the emblems which bear the three-step cross, symbol of the Auxiliary. Mrs. Richard Johnson, president; Mrs. Charles Dorr, first vice-president; and Mrs. Hugh Morse, junior placement chairman, presided over the program.

Representing Campbell are Mrs. Charles White, Misses Sue Finnell, Terri Marshall, Kathryn Richardson, and Rosanne Wood. The Good Samaritan Hospital is a non-profit, 263 bed community hospital located at 15825 Samaritan Drive, San Jose.

All volunteer activities in the hospital are under the direction of the Auxiliary which provides non-medical and non-technical services for patients and visitors.

Members reside in Campbell, Los Gatos, Monte Sereno, Saratoga, Sunnyvale, Cupertino, Santa Clara, and San Jose.

Winners to be announced in egg coloring contest

Several thousand die-cut cardboard Easter Eggs were turned into the PruneYard for today's deadline by children competing in a coloring contest in cooperation with Campbell schools and San Jose Recreation Department.

More than 25,000 of the eggs were distributed and prizes will be awarded in three age categories, 4 to 6; 7 to 10; and 11 to 13.

Winners will be notified by Friday and some of the winning eggs will be on display beginning tomorrow in the PruneYard.

Mrs. Riles to speak at YW on April 14

"A Commitment For Building a Better Society" will be Mrs. Wilson Riles' topic April 14, when she speaks before the annual meeting of the San Jose YWCA, a 7:30 p.m. dinner session at San Jose's Hyatt House.

Reservations are being taken at the 210 S. Second St. YW, phone 292-1075, and the Cambrian Center of the YW, 4343 Leigh Ave., phone 269-7534. Guests will be welcome, according to Mrs. Bradford Howes, dinner chairman. Program chairman is Mrs. Wallace Hall.

Mrs. Riles, wife of the state superintendent of instruction, has been a member of the board of directors of the Sacramento YWCA and has been active in teachers' organizations. She is a graduate of Arizona State University at Tempe. A daughter, Mrs. Ronald Bostick, is a San Jose resident.

School personnel go to conference

The 18th annual State Conference of the California School Food Service Association held in Anaheim on April 4 - 7 was attended by three cook-managers, Mrs. Mary Lou Clark (Cypress), president of West Valley School Food Service Association; Mrs. Aileen Tapogna (Monroe); Mrs. Isabella Stroppa (Blackford); and Mrs. Pearl Calabrese, Food Service Supervisor of the Campbell Union (elementary) School District.

Mrs. Calabrese was conference advisor.

The organization whose membership is over 4,000 is composed of school food service directors, supervisors, managerial staff and cafeteria personnel throughout the state, met in the Anaheim Convention Center for daily lecture sessions, demonstrations and workshops.

According to Mrs. Calabrese the exhibit section was the highlight of the four day conclave, with more than 100 nationally known concerns displaying the latest in institutional cooking equipment, convenience foods and innovations in food preparation.

"Convert Dreams To Reality" was the theme for this year's conference, with new methods being emphasized in workshop sessions, on sandwich making, purchasing techniques, employee orientation and sanitation.

School holds sale April 25

Sponsored by the Campbell Elementary School Home and School Club, the first annual "flea market" will take place at the school on Sunday, April 25, from 9 a.m. to 4 p.m., according to Charles Bissell.

This is the first time that such an event has been held at the school and the objective is to raise funds to help students purchase needed items that are not in the budget.

Mrs. Ivan (Shirley) Oswald and Mrs. Katie Ross are in charge of space renting for the "flea market". Space reservations are $2.50 which consists of two car spaces.

Further information on space reservations can be obtained by calling Mrs. Oswald (at 378-1340) or Mrs. Ross (after 3 p.m. at 378-6125).

Food and other refreshments will be sold all day and there will be games and prizes galore.

Members of the home and school club emphasize that the public is invited to come to attend and to enjoy the fun and take part in the buying, selling or trading that is part of a flea market operation.

EVENING OUT -- A large number of Campbell residents and interested merchants and friends enjoyed a premiere movie film sponsored by the Clock Tower committee at Plaza I last week. Top photo shows a group before the performance enjoying the champagne reception. Center photo, left, Ward Pinther of Straw Hat Pizza. Right are Goyko Kuburovich, Supervisor Ralph Mehrkens and Dick Hardy. Bottom, Len Edholm, Chamber of Commerce secretary, greets guests in the foyer, while Bob Blonder of Barclay's Bank looks on. The Clock Tower Fund movies have netted $2700 towards the building of a Clock Tower for the new City Hall.

Operetta group holds sale

Young Peoples Operetta Guild, Inc., will hold a flea market on Saturday, April 17 from 10 a.m. to 4 p.m. at Moreland Elementary School, Payne and Saratoga Avenues.

Purpose of the sale is to raise money to purchase costumes and sets for the Guild's next production, "The Mikado," scheduled for the latter part of May.

Booth space is available and reservations may be made by calling 243-2016 or 379-8885.

NEW HOURS

Handicapped War Veterans Crafts and Salvage Shops have announced that their shop at 1082 Alviso St. is now open seven days a week from 9 a.m. to 6 p.m.

WRITERS CONTEST

Valley Writers Council announced their annual conference will be held on Saturday and Sunday, May 22 and 23 at De Anza Campus. The conference will feature six workshops on writing and contests for short stories, articles and poetry. Deadline for the contests is April 22. For information contact the council at P. O. Box 8265, San Jose.

Teacher's Day festivities start

More than 40 teachers from the Campbell Union High and other school districts in the county are now being selected to be honored at this fall's Teacher's Day festivities in San Jose.

The second annual event ever planned, each school district superintendent has been asked to involve teachers, students and parents in the selecting of his district's most outstanding teacher, according to Teacher's Day Committee Chairman Frank Lowe.

Special attention in selecting the teacher is to be given to his effectiveness in the classroom, demonstrated responsibility, and awareness and responsiveness to student needs.

Both the San Jose City Council and County Board of Supervisors have passed resolutions in support of Teacher's Day. Nationally, Congressman Charles Gubser has submitted a resolution to the House of Representatives that is now in committee. When it is passed and forwarded it will authorize the President to proclaim September 28 Teacher's Day nationally.

Aims and objectives of the local program honoring teachers in Santa Clara County, according to Lowe, are:

(1) to increase public awareness of the vital role teachers play with the young; (2) understanding the strengths and weaknesses educators play in developing future leaders; (3) recognize the many years of training required by educators; (4) show public appreciation for the educational achievements of educators; and (5) increase better understanding between the young and the old.

April 30 is the deadline for teacher selection.

ASSEMBLY SPEAKER

An assembly of Jehovah's Witnesses held last weekend at the county fairgrounds featured Mrs. Jean Church of Kim-Louise Drive as a speaker on Bible themes.

Her husband, Don, is the assistant congregation overseer of the Campbell congregation, south unit, located at 230 Virginia Ave.

HONORS AWARDED SEVERAL STUDENTS

Top Science Fair winner is Campbell High student

Students from Campbell and Blackford High Schools and St. Lucy's School acquitted themselves well at the recent 11th annual Santa Clara Valley Science Fair.

Among the awards won by the Campbell students was the top biology science award.

This went to Bill Mitchell, son of Mr. and Mrs. William Mitchell of 870 Monica Lane, whose project "DDT Immunity in Fly Populations" was chosen tops from the largest high school participation ever to enter the fair.

Gunnar Gudmundson, son of Mrs. Kathryn Gudmundson, and a senior in Paul Kuckuck's class at Blackford High School was awarded the Pickett slide rule for his "Transmission Electron Microscope" and a second place award in his category.

First place was also awarded to James Blessing, son of Mr. and Mrs. Richard Blessing, a senior student of Darrell Linthacum at Blackford High, for "UV Irradiation Temp. versus Survival of Saccharomyees Cerevisiae and Candida" which also won him first place for biological and technical paper.

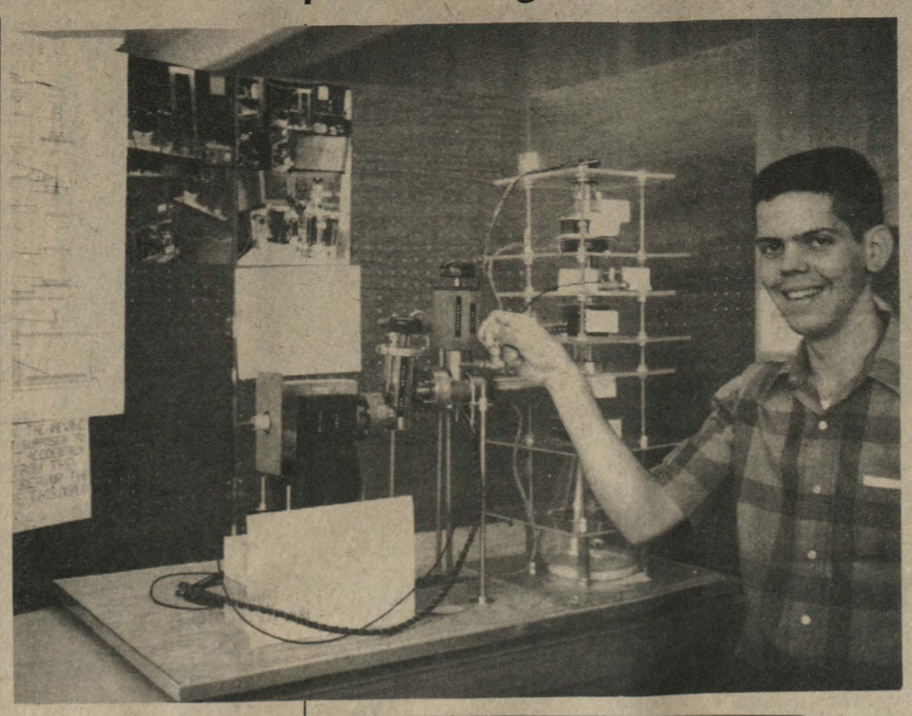
Frank Hausman, 6th grade student at St. Lucy's School made the only entry from his school and won first place in the electronic and computer division with his project titled "Can Sound Be Transmitted By Light?" Frank is the son of Mr. and Mrs. R. F. Hausman, 1727 Montemar Way.

Blessing also won a special award from the Army Institute of Astronautics and Aeronautics and has since placed second in the Bank of America math-science contest.

Mitchell, whose award entitled he and his teacher, John Ewert, to an expense paid trip to Kansas City in May, was given an Army award, a NASA award and an AIAA award. Some of the youths have been invited to the National Science Youth Congress sponsored by NASA, April 21, 22 and 23. Mitchell has since been awarded third place in the Bank of America contest.

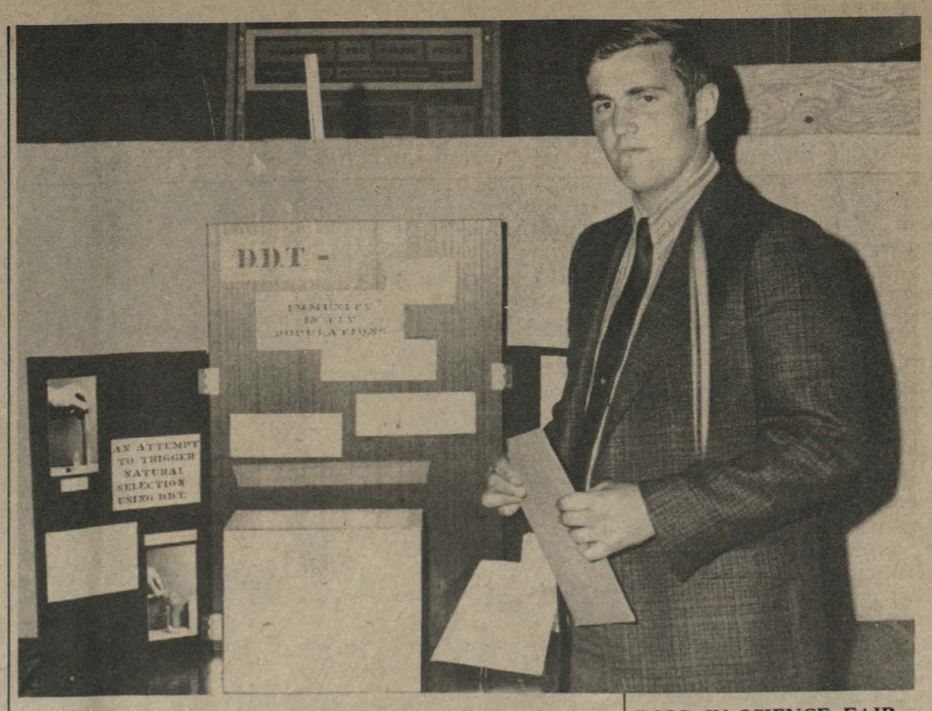
Hausman was awarded a gold medal and the additional prize of a footprint of Colonel "Buzz" Aldrin, guest speaker who presented awards to the winning projects.

Awards also went to John McClelland, junior student at Campbell High School, for "Stimuli on Phaseolus", to Branham sophomores Michael Prince and Joel Wehner, and to Stephen Vital, Campbell High School senior.



DOES IT LOOK LIKE A STILL? --- Gunnar Gudmundson shows a portion of his project which earned him the Pickett slide rule and a second place award in countywide competition in the Santa Clara Valley 11th annual Science Fair. Gudmundson is the student of Darrel Linthacum at Blackford High School.

TALK ON A LIGHT BEAM--- A sixth grade student from St. Lucy's School entered the countywide science fair and came up a first place winner: Frank Hausman was the only St. Lucy's student to enter the fair and his hard work paid off. His project involved sound and light.



TOPS IN SCIENCE FAIR--- Bill Mitchell, a senior student at Campbell High School, was awarded top prize in the Santa Clara Valley Science Fair at the county fairgrounds recently. Bill's project "DDT Immunity in Fly Populations" won he and his instructor, John Ewert, an expense paid trip to Kansas City in May.

FIRST AWARD---James Blessing of Blackford High School was awarded two first places for his project involving survival of yeasts. One award was for the project itself and a second award was for his paper explaining the project.

Branham High

By Roberta George and Mary Watson

Branhams' Girls' gymnastics team did it again for the third consecutive year and placed first with a 50 point lead against second place Saratoga, the host school, in the district finals.

Gymnast Maryann Molchan proved to be second "all around best", in all four categories, which include floor exercise, vaulting, beam and tumbling.

Other outstanding team members who placed in tumbling include Val Eichler, first (intermediate), Karen Young, first, Becky Bracco, second (intermediate), Paige Williams, second and Carolyn Shelton, third.

The vaulters who placed were Maryann Molchan, second and Karen Young, third, and on beam were Nancy Driver, first (intermediate) and Sue Guaneli, third (beginning beam).

In the last category was Ellen Heckemeyer who took a third in floor exercise.

* * *

The BHS Girls' volleyball teams also went to finals held at Westmont and competed against eight other schools.

Both "A" and "B" teams were caught in a three way tie for first and third place, respectively.

While "B" team brought home a third place ribbon, "A" team failed to place after playoffs.

Mrs. Susie Morse, BHS volleyball advisor, singled out Seniors Ardis Young (manager), Cathy McAbee, Juniors Sandy Wick, JoAnn Kellet, Denise Lerick and Sophomore Shelly Flecner as the "strongest" players

EARTH DAY ACTIVITY--- Members of West Valley Chapter Zero Population Growth are participating in a "clean in" on Saturday, April 17. In cooperation with Guadalupe homeowners, they will clear bottles, cans and other trash from badly littered westside areas. Also pictured are area high school students who have pledged to help. Zero Population Growth is seeking sponsors for the cleanup project as well as more physical help. For information, call 356-7672.

Camden Hi Notes

by Donna St. Cyr

Captain Lightning's Musical Moods Space Show will be landing at Camden High Friday, May 14, in the boys gym.

Advisor Will Finck and students Mark Cole and Danny Skaggs are heading a committee to get plans under way. People are badly needed for stage hands and different odd jobs.

"It's going to be different than years past, with different music and different people. We are really doing a good job," commented Mark Cole. If plans go accordingly, there will be two professional light shows, four P.A. systems, and films of W.C. Fields, Mighty Mouse, and other famous characters as a special attraction.

"Peoples' heads are really getting together on this show. Not just people from this school, but outsiders are willing to donate time, and their effort. It's a really beautiful thing taking place," stated Danny Skaggs.

Special attention should be noted that the doors will only be opened at certain times before the show and between breaks only, so that no light will cast in.

* * *

Light music will be presented at the third annual Pops Concert by the A Cappella Choir, Band and Pep Band on Friday, April 16, at 8 p.m. in the cafeteria.

Under the direction of Mr. Stanley Neff, Camden's choir will perform "Ride the Chariot," solo by Sherri Reid-Selth; "No Man Is An Island," and as a special added attraction, "Aquarius Let The Sunshine In."

Director Glenn Benner will conduct the band in "Blow, Gabriel, Blow," featuring the trumpet section at solo, and a medley from "The King and I."

The production will close with tentatively scheduled choir-band arrangement of "Born Free."

Proceeds from this concert will go to the music department to help the band in purchasing equipment. Donations will be $1 for adults and 50 cents for children.

SPRING CLEANING---Members of Campbell Fire Department were out last week checking over some of the more than 400 fire hydrants in the city. Left to right are Fireman Vern Lunt (with nozzle) and Capt. Warren Clark. In the rear is Dick Landrum, engineer.

Shasta Lake county provides scenic beauty, gold rush lore

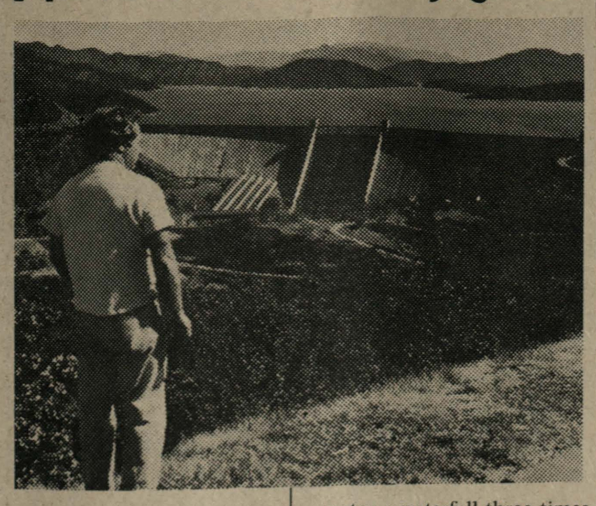
This is boastful country; rich in beauty and resources, rich in lore of gold rush and stage coach eras, rich in the hugeness of its mountains and man-made dams and lakes.

And, top attractor of visitors, sportsmen and vacationers to this northwestern part of the Golden State is Shasta Lake, looking like bolts of lightning as its many arms flow up canyons, coves and bays.

Its 365 miles of shoreline are cradled in the forested foothills of the Cascade Range. The California State Automobile Association says there are scores of resorts and campgrounds around the lake and in the Shasta-Trinity National Forest.

The waters of the Sacramento, McCloud and Pit Rivers and scores of creeks feed this giant lake where fishing is open year round.

Local experts in the angling game say the best fishing is found in spring and fall when it is cooler, although plenty of the 16 varieties of gamefish



are still taken from the deep waters in summertime.

Among the fish in Shasta Lake are trout, kamloops, bass, crappie, catfish, sturgeon and bluegill that delight fishermen with their scrapiness.

Modern highways bring this paradise for all into easy accessibility. Shasta Lake is spanned by the highest double-decked bridge in the world. Though the water is usually less than 40 feet below the bridge, the piers actually rise 500 feet above the bed of the old Pit River. The bridge carries four lanes of highway on the upper deck and two lines of Southern Pacific Railroad tracks on the lower.

One popular way to spend a vacation here is to rent a houseboat and set off on adventures up any of the coves and bays. Those seeking to be away from the crowds will find campsites in the woods that can be reached only by boat.

A visit to Shasta Lake isn't complete without a stop at gigantic Shasta Dam, where self-guided tours take you deep into the dam to see the powerplant. Only Hoover is higher than this California giant, only Grand Coulee contains more concrete.

Shasta Dam is 602 feet high, 3,460 feet long and 541 feet thick at its base. Started in 1938 as part of the Central Valley Project, it was completed in 1945 at a cost of $120 million. Its statistics are impressive: the spillway creates a waterfall three times higher than Niagara Falls; contains 6.5 million cubic yards of concrete; its five 15-foot penstocks deliver water at 85 tons per second.

At nighttime, the 3,500-foot curving crest is lighted and deer from the surrounding forest come out by the score to be fed.

A big tourist objective of the lake is Shasta Lake Caverns, located on the east side of the McCloud arm. These beautiful limestone and marble caverns are reached by a 15-minute boat ride across the lake and a bus ride 800 feet up the side of Horse Mountain.

Brilliant colors gleam from the stalactite and stalagmite formations in the Discovery Room and the Cathedral Room. Here a massive, drapery-like curtain wall of flowstone nearly 100 feet long and 60 feet high in brilliant orange, red, black and brown awes visitors.

Delicate limestone formations are the eye-catcher in the Discovery Room. The tour is just short of one-half mile long and temperatures in the cave are a constant 58°, so bring along a sweater. No protective gear is needed.

More local organizations plan to support John D. Morgan fund

A group of citizens led by Hank Batis and Jack Christianson are working on a Flea Market for the benefit of the John D. Morgan Fund at Prospect High School on Sunday, May 2.

Each year at this time Prospect holds a flea market and this year they have donated 15 spaces for the use of the Morgan group.

A store at 296 E. Campbell Ave. has been donated to use as a storage depot and a phone installed there will be manned by West Valley Senior Citizens. The number is 379-2444. It will be open from 10 a.m. to 4 p.m. weekdays.

Other numbers for obtaining information on the flea market are 379-3922 and 377-4033.

CAR WASH

Robo Car Wash, 2260 Winchester Blvd., corner of Kennedy, is planning a benefit car wash on Saturday and Sunday for the John D. Morgan Fund, according to Larry Thompson, manager.

The proceeds will be determined by averaging the past month's receipts and donating entirely everything over those figures. In addition, 10¢ per car will be donated from the regular day's receipts.

GRANGE

Orchard City Grange is sponsoring a breakfast to benefit the John D. Morgan Fund at the Grange Hall, 109 N. First St., on Sunday, April 25 from 9 a.m. to 2 p.m.

Breakfast will be $1.50 and tickets may be obtained by calling 379-0635 or 243-2630, according to Mrs. Sadie Proctor.

BOXING MATCH

A boxing match for youngsters 8 to 18 will be held at Campbell High School on Saturday, April 24 at 1 p.m. for the benefit of the John D. Morgan Fund. Tickets will be $1 for adults, 75¢ for students and 50¢ for children.

ORCHESTRA

Westmont High School Orchestra plans a performance to benefit the Morgan Fund on Friday, April 23. Donations will be $1.

West Valley College to hire 10 new faculty members next year

West Valley College will hire 10 additional teachers next year to meet the college's continuing enrollment growth, following action by the governing board Thursday night.

Dr. Gordon Aumack, dean of instruction, and Robert Sorensen, board member, both noted this was the smallest increase in teaching staff ever brought before the governing board. "This is less than half the number requested in each of the three previous years," Sorensen stated. In the past three years, 28, 27 and 23 additional teachers were hired.

Dr. Aumack explained to the board that West Valley is currently facing the same financial problems as other community colleges throughout the state.

"For the past six years, we have been involved in tremendous growth, but the wealth of the district does not grow with the increased number of students," he said.

Aumack explained that as more students are added, the amount of money behind each student diminishes.

Sorensen added that "the costs of school go up 10-12 per cent each year, but the assessed valuation of the district goes up only 5-6 per cent."

The 10 additional teachers are also based on a projected 10 per cent student growth factor.

Superintendent James P. Hardy and Aumack both reiterated one of the recommendations of the college's recent accreditation report which asked that additional qualified ethnic teachers be added to the staff.

Hardy pointed out that "anyone hired will be hired on the evaluation of his experience and background.....we will hire the best qualified person for any job at this school," he added, "be it certificated, classified or administrative."

In other action Thursday night the board:

Approved additional course offerings including: in business, principles of banking and analysis of financial statements; three additional courses in the architectural program; four electronics courses; five additional nursing courses; and five courses in the park management program, which will be in full operation next year.

Authorized procedures for accepting proposals from vendors for food services in the new student union on the Saratoga campus. Proposals from vendors will be received until 2 p.m. April 26.

Placed on its April 15 agenda the adoption of salaries for the 1971 summer session.

SHOWS BENEFIT

Two fashion shows at Zorba's will benefit the multiple sclerosis foundation according to Eleanor Borrego. The benefit, sponsored by Koscot Distributors, will be held on April 17 at 2 p.m. and 7:30 p.m. A limited number of tickets are available. For information, call 379-3819 or 374-2547.

NEW OWNERS FOR KEN'S---Ken's House of Pancakes, one of the county's most popular eating places has acquired new owners in a transaction recently completed. Kenneth H. Pruitt, president, has announced the sale to the B. & B. Jolly Chef Restaurant Management, Inc., of which Elizabeth A. Raynor is president and Robert J. Holiday is vice-president and general manager.

Both Miss Raynor and Holiday are no strangers to the customers at Ken's, both having been previously employed by Ken's. Under Mr. Holiday's management, the restaurant has achieved an enviable sales record. Mr. Holiday has been noted for his many unusual sales promotions, which have resulted in a continuing flow of business to the local outlet.

In addition to counter, table and booth service, the restaurant features two private dining rooms and the Tiddley Lounge. A number of clubs use the private dining facilities for their weekly and monthly meetings.

DIGGING AWAY---Boy Scouts Martin Huff, Bryan Glover, Allan Glover and Bob Stevens, members of Troop No. 375 clear weeds away from trees on Los Gatos Creek. This marks the fourth year that the Scouts have undertaken the project of clearing weeds and gathering trash. Almost two truckloads of debris were hauled away as a result of their efforts last Saturday.

SCOUTS AT WORK---Paul Huff and Curt Russell, members of Boy Scout Troop No. 375, clear weeds away from a tree along the Los Gatos Creek bank. For four years the troop has undertaken the clean-up project of the creek on one day each year.

Area students move ahead in B of A contest

Two high school students from the area, Barbara Buxton, from Westmont High (vocational arts) and John Fischer, Del Mar High (liberal arts) were winners in zone competition of the Bank of America achievement awards program.

Barbara Williams of Campbell High was a winner of $50 second place in vocational arts in the zone competition while Roxilyn Mann, fine arts, and Bill Mitchell, science and math, placed third and received $25 each.

MORE ABOUT

Council to name

(Continued from Page 1)

final tract map for the 84-unit four-plex development by McKeon Construction on the former Gomes Ranch between Latimer and Harrison is also on the agenda as well as the tract map for Valley Title for a 100-lot townhouse complex at San Tomas Expressway and Latimer.

Final approval of Local Improvement District No. 21 (Catalpa-California-El Caminito) is expected next Monday as is a routine plan-line change for the extension of Latimer.

The Council is also expected to discuss the possibility of installing an alarm monitering system as has been suggested by tow firms in that business. The system would be underwritten by local business houses, but would be connected with the police department switchboard.

City Manager Bob Stephens has recommended that a special census be taken by the Department of Finance. He estimates that the city's population has increased by 400 people since the last census (April 1, 1970) and that the increase would appreciably increase the state subventions that are based on population.
